# ATFXU

**AUTOMATIC FRUIT BOX  
CARTON SEALER**

The BestPack ATFXU Series is an operator-free carton sealer designed to cater to the heavy duty needs of HSC carton usage. Using pressure sensitive tape to seal cartons, the ATFXU was designed for oranges, lemons, potatoes, and other produce. It has four stations: an indexer station, a positive outer sleeve lifting station with vibration that is activated only if the outer sleeve does not lift, a flap folding station, leading to a final station which seals the top and bottom flaps, leaving the top and bottom flaps sealed but not tabbed together.
